

Jumbo Joker

Start hauling in the coins with Betsoft's fresh, fun take on the classic fruit machine format - JUMBO JOKER!

This fast paced, brightly-coloured traditional fruit machine will capture and keep your players' attention as they go for big MYSTERY WINS in the JUMBO METER mode, which offers higher payouts.

Watch for JUMBO METER mode becoming active! It will be activated with a win of your coin value x 20, opening up the top reels!. The winnings from the bottom reels are transferred to the JUMBO METER, where they can either be collected immediately, or used to play on the upper reels, which offer higher wagers and higher payouts.

Game Rules

- Jumbo Joker is a dual 3 reel 5 payline fruit machine slot with a Jumbo Meter feature and a Mystery Prize feature.
- Game is played with 2 bet amount levels (x1, x10) for each coin, ranging from € 0.01 - 200.00.
- JUMBO METER mode can play for 15 consecutive spins before automatically collecting any winnings.
- Winning combinations and payout information can be found in the PAYTABLE.
- Highest win only per line pays.
- Malfunction or misuse voids all pays and plays.

Features

Two Sets Of Reels

JUMBO JOKER offers two sets of reels: Top and Bottom. The Bottom reels are used during normal play. The Top reels require the use of the JUMBO METER. The Top Reels offer more symbols and more chances to win, including MYSTERY PRIZES.

Jumbo Meter

Your winnings are transferred to the JUMBO METER when it becomes active! The JUMBO METER activates with a win of your coin value x 20. The JUMBO METER allows you to play with the Top reels, with even bigger possible bets. For the largest bets, MYSTERY PRIZES become scatter pays!

Mystery Prizes

3 JOKER symbols on a payline activates a MYSTERY PRIZE, depending on which bet amount is being played. During JUMBO METER mode, at the highest possible bets, MYSTERY PRIZES are awarded for every JOKER symbol on the reels, regardless of position.

Controls
